Are as a string of pearls to me;
I count them over by the weary clock,
My rowdier, my rowdier.First two I knit, then two I purr,
And round the leg I slowly reel;
Now joyful paens to heaven I hurl,
I've turned the heel.Oh, knotted ends that scratch and
burn.Oh, stitch that dropped, uneven
row;I kiss each blight, and strive at last
to learn,To reach the toe. Oh, Lord, to
reach the toe.**Moving Pictures**Those who have seen Marguerite
Clark impersonate "Bab," Mary Rob-
erts Rinehart's winsome heroine in
"Bab's Dairy" and "Bab's Burglar,"
will welcome her return to the screen.in "Bab's Matinee Idol," which is to
be the attraction at the Star, begin-
ning tonight. "Bab's Matinee Idol"
is a screamingly humorous picture,
and bids fair to become one of the
most popular of Miss Clark's produc-
tions. As a stage struck girl in "Bab's
Matinee Idol," the Paramount picture
from Mary Roberts Rinehart's well
known Saturday Evening Post story,
Marguerite Clark is her best and most
adoring self from the first foot of
film that slides across the screen to

**Prizes Offered For
Liberty Loan Ads**SAN FRANCISCO, Feb. 22.—Prizes
for advertising copy to be used in
connection with the advertising of the
third Liberty Loan have been an-
nounced by the Liberty Loan general
publicity committee. Eight full page
advertisements for newspapers are
wanted, and \$25 will be given the
author of each of the eight ads ac-
cepted.The contest is limited to the seven
states of the Twelfth Federal Reserve
district.All copy must be sent to the Jury
of Awards, Liberty Loan Committee,
430 California street, before March
4th.The generic ideas laid down by the
committee, and to which each ad-
vertisement should conform follow:1—German Frightfulness—Shown
in symbolic or specific aspect, and the
need of wiping it out for all time.
Without the money to do it we might
as well accept German barbarity and
the new and permanent standard of
existence.2—A Liberty Loan Subscription, is
one of the real tests to show the
patriotism of foreign American citi-
zens, particularly the German-Ameri-
can. A citizen is either a patriot or
a traitor. He must subscribe to prove
his status.3—Germany Levying Tribute—
Here you may assume the Kaiser
saturnally triumphant making us pay
his war costs—the United States at
the mercy of the destructive and mal-
efficient German idea of conquest and
subjugation. It is needless to say
that this must not be. Not a cent for
tribute—billions for the extermina-
tion of kaiserism, with its shadow
over American liberty.

4—Money for Munitions, Food and

Equipment—Our men and our allies
must have equipment and food to sus-
tain them and munitions to fight with.
The Liberty Loan is a premium paid
for decency and patriotism by a gov-
ernment that allows its citizens the
most secure of investments.5—Money for Ships—What boots
it if we raise a million men, produce
millions of tons of ammunition and
millions of tons of food, if we haven't
the ships to transport them to the
seat of war? Before we can get our
ships we must have the money to
build them.6—Two Kinds of Giving—A Liber-
ty Loan does not even take toll from
the miser—the man whose only God
is money. It gives him in return
more than money—the worth of his
money with the greatest of all securi-
ties. Contrast this with the mother
or father who cheerfully and will-
ingly give their sons to fight the great
battle for world-wide peace.7—Stars of Service—There is a
Liberty Loan service flag in the heart
of everyone who owns a Liberty
Bond. Every additional Liberty Bond
you buy is an additional star of ser-
vice indicating to your country and
fellowmen that you, too, are taking a
part in this fight for protection of
the home and your country.8—An Enduring Peace—America
must stand for an enduring peace and
self respect. We must realize that we
are a nation facing the sun with the
right—to live in lasting peace and
honor. The whole civilized world
voices our opinion. If we are to raise
our heads high we must be heart and
soul in the great cause. Money is
needed to do the things that will en-
able our men and our allies to make
the fight for everlasting peace.**Big U. S. Project
Begun In Washington**YAKIMA, Wash., Feb. 22.—The
United States reclamation service has
begun construction work on the
fourth of five big reservoirs by means
of which 452,000 acres of land in the
Yakima Valley on the eastern slopes
of the Cascade Mountains in Central
Washington, will be put under irriga-
tion, according to Charles H. Swigart,
constructing engineer in charge of the
work.Three of the big dams, all of which
are located in the headwaters of the
Yakima River and its tributaries, al-
ready have been completed, that at
Bumpkin Lake in 1916, Kachess Lake
in 1912 and Keechelus Lake in 1916.
The five reservoirs will have a com-
bined capacity of 1,320,000 acre feet.
The Tieton dam, located on the
Tieton River, 26 miles west of Naches,
Wash., and 42 miles west of Yakima,
is the fourth to be built. So far the
work has consisted largely of prepa-
ration, such as road and camp con-
struction and erection of power and
construction plants. This dam will
be the largest of the five, and while
the others are of earth and gravelfilled construction, this will be of
earth and rock. The cubic contents
of the dam will be 991,000 yards, its
height will be 192 feet and its length
1,050 feet.A spillway will be blasted out of
solid rock at one end of the dam,
with a capacity of twice the greatest
flood on record. Irrigation water
will be released thru a tunnel, also
driven thru solid rock. It will ex-
tend for 1,600 feet, entirely around
the dam. Gates to be placed in the
tunnel will control the flow of the
water. From 300 to 600 men are
employed on the job.Completion of this irrigation sys-
tem will make possible the full de-
velopments of effects begun half a
century ago, to put water on the land
of the Yakima Valley extending for
more than 100 miles along the river.**NOTICE**The Episcopal choir practice will
be held at Mrs. G. Cosad's residence,
on Washington street, Friday even-
ing, at 7 o'clock sharp. 21-3t**New Manager of Boston White Sox**Ed Barrow, former president of
the International League, has been
named manager of the Boston Red
Sox to succeed Jack Barry, who has
gone into the navy. He has had a
wide experience in baseball as man-
ager of teams in the minor leagues of
the East. When the International
League, which he had kept together
thru the Federal League fight, re-
duced his salary from \$7,500 to
\$2,500 he resigned.**The Winnek Co., Inc.**

WASHES POISONS
FROM THE LIVER**Everyone should drink hot water
with phosphate in it,
before breakfast.To feel as fine as the proverbial
fiddle, we must keep the liver washed
clean, and almost every morning to
prevent its sponge-like pores from
clogging with indigestible material,
sour bile and poisonous toxins, says a
noted physician.
If you get headaches, it's your liver.
If you catch cold easily, it's your liver.
If you wake up with a bad taste, fur-
red tongue, nasty breath or stomach
becomes rancid, it's your liver. Sallow
skin, muddy complexion, watery eyes,
all denote liver uncleanness. Your
liver is the most important, also the
most abused and neglected organ of
the body. Few know its function or
how to release the dammed-up body
waste, bile and toxins. Most folks
resort to violent calomel, which is a
dangerous, salivating chemical which
can only be used occasionally because
it accumulates in the tissues, also at-
tacks the bones.Every man and woman, sick or
well, should drink each morning be-
fore breakfast, a glass of hot water
with a teaspoonful of limestone phos-
phate in it, to wash from the liver and
bowels the previous day's indigestible
material, the poisons, sour bile and
toxins; thus cleansing, sweetening
and freshening the entire alimentary
canal before putting more food into
the stomach.Limestone phosphate does not re-
strict the diet like calomel, because it
can not salivate, for it is harmless and
you can eat anything afterwards. It
is inexpensive and almost tasteless,
and any pharmacist will sell you a
quarter pound, which is sufficient for
a demonstration of how hot water and
limestone phosphate cleans, stimulates
and freshens the liver, keeping you
feeling fit day in and day out.—Adv.**LET ME MAKE YOUR SUIT****SUIT**PERFECT FIT
